TO WHOM IT MAY CONCERN

JENNIE TOMLINSOM  
Lanes Interiors

We have known Ms Jennie Tomlinson of Lanes Interiors, 337 Margaret Street, Toowoomba, for a number of years, and have engaged her to attend to our "interior design" for our last three homes, in Toowoomba and Brisbane.

Firstly, Jennie undertook to do a complete colour (interior and exterior) scheme and to choose and manufacture curtains, blinds and bedspreads for our home in Toowoomba in 1988.

Lanes Interiors supplied furniture and soft furnishings for our home in Brisbane in 1993, a classic brick suburban home in The Gap, Brisbane..

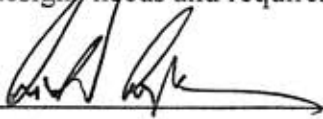

Finally, Jennie has just completed a full interior and exterior colour scheme and full decor fit-out for our inner-suburban Queenslander, that we have recently lifted, renovated and restored. We are very pleased with the result.

Jennie's artistic ability was such that we have people stopping in our street to ask who developed the colour schemes for our home.

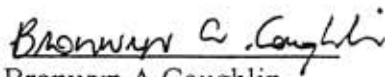

We found her to be reliable, honest, and willing to listen to our ideas and needs.

Lanes Interiors has always provided us with impeccable service, and continue to pay attention to "after-sales" service and details.

We are both very happy to highly recommend Jennie Tomlinson, as an interior decorator. She and Lanes Interiors have proved their ability to us, and we believe that they could fulfil any "interior design" needs and requirements.
